

## **We're Going to Win!**

One, two, three, four.  
How about another score?  
Two, four, six, eight.  
We're going to win!

Hey! Here they come again,  
One in goal and then another ten,  
Shoot for goal and get it in!  
Score the goals and we can win - Come on!

One, two, three, four.  
How about another score?

We'll support our team forever,  
We don't care about the weather.  
There's no rival we can fear,  
Hear us shout and hear us cheer!

Hey! Defender get that ball,  
Now the striker's passed them all,  
At the front, and tries to score  
Yes! A goal, and that's one more - Come on!

One, two, three, four.  
How about another score?  
Two, four, six, eight.  
We're going to win!
