

The Ballad of Lisa the Lemur

Lisa lived in the rainforest
With all her family
Along came a man with an axe in his hand
And chopped down the family tree

So they moved to another tree
A long long way from town
Along came a man with an axe in his hand
And chopped their new tree down

We all need somewhere to live
We all need somewhere to live
You need a flat, fishes need the sea
Lisa needs a tree

Lisa looked all around
But all the trees were gone
All there were now were pasture and cows
She knew something was wrong

The rainforest gives us the air that we need
Lots of animals live in the trees
That's what we call ecology
Why are we chopping it down

We all need somewhere to live
We all need somewhere to live
You need a flat, fishes need the sea
Lisa needs a tree

So Lisa moved to the town
With all her family too
There are trees in the park but it closes after dark
And there's no more room at the zoo.

We all need somewhere to live
We all need somewhere to live
You need a flat, bees need a hive
Goats need a mountainside

We all need somewhere to live
Yeah, We all need somewhere to live
Bears need a cave, fishes need the sea
Lisa needs a tree.
