

The CBS International Experience

Do your MSc on the top of Europe

MEET smart international students from 80+ countries all over the world. Meet a culture of new foods, music and traditions and a new way of studying business in a safe, clean environment – in the middle of Copenhagen, Denmark.

LEARN BUSINESS at university level. At CBS “University means Business”. This means that we mix cases with cutting edge research. As in real life you work in teams and individually and everyone speaks English as a first or strong second language.

ENGAGE in extra-curricular activities such as sports, case competitions or one of the other student driven activities on campus – meet a new friend among CBS’ 17.000 students and get to know Denmark and CBS from the inside.

– or if you have several years of work experience, drive and ambition you should consider “The Copenhagen MBA”

The one-year full time MBA at Copenhagen Business School attracts talented professionals from around the globe to Denmark for an intensive and collaborative learning experience.

International in outlook, the foundation of our programme is based on Scandinavian thinking which is characterized by trust, teamwork and respect for the individual. During the MBA, you will get a chance to explore the Scandinavian leadership approach and work with successful executives and professionals as mentors and coaches.

Our MBA is a well-balanced programme, designed to prepare you to manage, lead and transform businesses and make a difference.

You learn to master the business essentials through the core courses; the leadership discovery process takes you on a journey of personal and professional development, and the entrepreneurship component develops your capacity for creative thinking and identifying business opportunities.
